2. Registration is \$300 per team in each division payable prior to the commencement of the tournament.

- ☐ If 6 or more associations object to a player, then that player will be ineligible to play in that grade, and the association will be asked to put forward a replacement player.

5. Provisionally graded players.

If SQEBF cannot reliably access a substantial years' worth of stats for a player across one or more Eight Ball or International Rules leagues, then the player is deemed a provisional player.

This is due to the City vs Country meeting being unable to adequately assess the player's true ability.

Provisionally graded players must be noted at the Team Nomination Meeting.

6. Should a player be noted as playing out of category, a committee meeting will be called to discuss and vote on an outcome with the following penalties:

- The association cannot play a team in that grade the following year.

- The player cannot play in that category the following year for City vs Country and SQEBF events.

7. Once a player makes a City vs Country team, they cannot trial for any other team/Association. Any breach will result in the player/s involved being ineligible to play CVC the following year.

8. If an association's trial does not yield enough players to fill a team, SQEBF may allocate players from another association (including those who may have trialled and did not make the team).

9. Any player found to be playing in a grade lower than they are playing in any association will be removed from the tournament. There will be no exceptions, it is the association's responsibility to ensure that all players representing their association meet the set player criteria. (Refer to point 6)

10. CVC Player's in the B & C grades who win above 66.66% of matches must play in a grade higher at CVC for the next 1 years. (The list of player names will be provided each year).

11. Players in the A & B grades who win below 33.33% of matches may play in a grade lower at the following year's CVC, provided they are not registered in a grade higher.

12. The Player of the Carnival award will go to the player on most wins. In the event of a tie, each player will get a trophy.

13. To be eligible for Player of the Carnival a player may only miss a maximum of 3 frames, not all from the same match.

- o A lag shall occur for first break.

- ☐ The team who wins the lag shall break 1st and 3rd frames.
